LADIES' SUITS

On Friday and Saturday this week we will give an opportunity to the ladies who want really elegant suits to get one at a great reduction. This applies to suits at \$35.00 and upward. The choicest suits of the season.

OCEAN, BAR, BAY, DOCK AND RIVER

The steamer Yellowstone on entering these waters went direct to the Columbia mills at Knappton, where she took on 30,000 feet of lumber, for a starter, and then went on up the river to St. Helen's for the balance of her cargo.

The crew of the schooner Mabel Gale was paid off at the custom house here yesterday, and the vessel will soon be hauled to Knappton to load outward again.

The Astoria-Cathlamet liner R. Miller will be up for inspection by the federal inspectors today, and resume her run tomorrow.

The Portland papers have found that long lost foot of water on the Columbia river bar again. If they have their usual luck there will soon be no further need of extending the jetty.

The steamer Lurline was on her schedule last evening, and when she went away, she took with her, B. E. Dimon, Mrs. Wm. Kelly, H. Ellis, E. Whittier, and J. O. Hagan.

The British bark Carmanian is still in port, being shy three or four men on her fo'castle. Captain Green hopes to secure them today and then make for deep water and the Antipodes.

The steamer Argo went on the ways at St. John's yesterday afternoon, and will not leave down before this evening.

The Oklahoma arrived down yesterday evening with the schooner Andy Mahoney on her hawser, and will take back the schooners Compeer and Bartlett this morning.

The steamer Atlas arrived in yesterday morning and went on up stream without any delay in this port.

The oil tank steamer Santa Rita was among the arrivals in these waters and went on to the metropolis at once.

The steamer Alliance entered this harbor yesterday morning from Coos Bay points, and after a short stay at the Callender, went on up stream.

The lighthouse tender Heather left out yesterday for Puget Sound and will immediately go under repairs there.

The steamer Olsen-Mahoney was one of the arriving vessels registered here yesterday. She brought a small bunch of freight for this port, and discharged it at the Callender.

Morning Astorian, 60 cents per month, delivered by carrier.

CHEER UP!

Don't be blue, if you haven't much money. Come to us, as others do who know where to trade. We charge only a reasonable profit, and don't expect to "Get Rich Quick," but wish to satisfy you with Price and Quality. Most merchants seem to think we are all having very dull times, but we don't find it so bad, of course we can stand better times, but are not kicking, maybe we are doing a little better business than others, but that only shows that our prices are more reasonable than others, come and see.

We are selling our New Gingham, the newest designs out for 12½c the yard

Have you seen our New Skirts? there are a few left 75c to \$9

NINTH STREET WATERMAN'S COM'L STREET

SCHOONER CHARLES A. FALK ASHORE.

REPORTED A TOTAL WRECK ON WASHINGTON COAST 12 MILES ABOVE MOCLIPS.

Word was received at the office of British Vice-Consul E. M. Cherry, at 6 o'clock last evening, from Aberdeen, announcing that the American schooner Charles E. Falk, from San Pedro to Gray's Harbor, was ashore on Sand Beach, 12 miles north of Moclips, on the Washington coast, and a second dispatch from her master declared that she is probably a total loss. No loss of life has been reported. No details at hand.

The schooner is alleged to belong to the S. E. Slade Lumber Company, of San Francisco and Aberdeen, and was built at Fairhaven, Cal., in 1889. She is registered out of Eureka, and her dimensions are as follows:

Gross tonnage, 298; net tonnage, 245; length, 14.3 feet; beam, 34 feet; draft, 9 feet. She carries a crew of six men.

HANDS AND FEET

Women Of Country On War Path About Glove And Hosiery Tariffs.

CHICAGO, March 31.—Have the members of the North End Women's Club agreed to don mitts of wool and lace as a protest against the tariff on gloves, or has somebody mistaken the expressed sentiment of the latest meeting? This is the question now agitating the ranks of the organization.

Mrs. L. Bracken Bishop made the suggestion.

"How many women in this club," she asked, "will agree to stop wearing gloves till the matter is settled?"

Oris scented white kid gloves were cast hurriedly aside and scores of gloveless hands were raised. No one dissented.

"This question of a tariff on gloves and hosiery," said Mrs. Bishop, "is going to do more than anything else to interest women in the cause of self-suffrage because it is making them realize how it is for men, to legislate against their best interests and how helpless they are in the matter."

Now a question arises as to whether the club's action is to be considered binding.

"The women all held up their hands when Mrs. Bishop asked them," said Mrs. E. C. Portman, president. "But that was an informal acquiescence. No resolution of the kind was adopted. I think the women thought it would be a little impractical, going about without gloves."

"I would be perfectly willing to go without gloves myself," declared Mrs. Bishop, "if it would do any good or if there was any chance of its doing any good, but perhaps I'm not as conservative as most women. Still that's what they all agreed to do. They all held up their hands."

Piles Cured in 6 to 14 Days
PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50 cents.

NEW TO-DAY

Wood and Coal.

HARD ON THE FIENDS

Opium By Tons Hoarded In Bay City Under "Medicine" Act.

SAN FRANCISCO, March 31.—Gloom prevades the smoke dimmed "opium joints" of the Chinese quarter and the ever-changing dreams of the smokers are wailing with bitterness because of a ruling received by Collector of the Port Stratton, from Washington. The government has set its face against indulgence in the delights of the "dope pipe" and prohibited the importation of opium of anything less than medicinal purity after April 1. That was bad enough but the hustling importers rushed their orders to the Orient and nearly a million dollars worth of the drug was landed here a few days ago, safely stored in the custom house and bonded warehouses, in time, it was supposed, to evade the new regulation. Now the authorities at Washington have instructed Collector Stratton not to allow any opium to leave his possession on or after April 1, and the vast heap of canned dreams is doomed to go unsmoked.

The government authorities further declare that a careful reading of the pure food and drug law which raises the bars against poppy smoke makes it possible for federal officials to seize and confiscate any opium found anywhere in the country after April 1, whether marked "Duty Paid," or not. If this ruling is enforced the opium importers of San Francisco stand to lose a large sum as within the two days alone nearly \$2,000,000 worth has been withdrawn from the customs house on payment of duty. It is estimated that opium valued at between \$1,000,000 and \$1,500,000 is now in and near this city, all of which is open to seizure wherever found.

FITZGERALD CENTENARY

LONDON, March 31.—The one hundredth anniversary of the birth of Edward Fitzgerald, the famous translator of Omar Khayyam, was observed with appropriate exercises today at Cambridge University where Fitzgerald was a fellow-student of Tennyson and others who afterwards achieved literary fame.

Fitzgerald was born in Suffolk, March 31, 1809, of distinguished Irish and English ancestry. His ample fortune gave him every opportunity to pursue his taste for literature. It was a translator, or rather as a translator, that he became renowned. He began with Calderon, publishing six of his dramas in 1853, and two more in 1865. In 1859 came the first of uncounted editions of Omar Khayyam. In 1865 appeared his Agamemnon and in 1880 his Oedipus. Incomparably the most remarkable of all these renditions was his Omar. His one original work was "Euphranor," modeled upon the dialogues of Plato.

HOPKINS OUT OF IT.

Chicago Takes up Roy A. West as Its Next Senatorial Figure.

CHICAGO, March 31.—The Tribune today prints the following article:

Albert J. Hopkins was practically eliminated from the Senatorial race last night by a caucus of the big Republican chiefs of the Cook County organization, thoroughly secret, but more important politically, than any conference of the powers which has been held in Chicago for years.

Hopkins was abandoned as a Senatorial possibility, it is believed as a result of the conference, a new candidate who has received no votes as yet in the Senatorial deadlock, was tentatively considered for the toga, and all but agreed upon. That man is Roy A. West. It is not believed the effort will be made to elect West this week.

Represented in the secret conclave which broke up just before midnight were these Republican stars of the first magnitude: Governor Deneen, Mayor Busse, Roy O. West, Postmaster Campbell, Congressman Lorimer, and John F. Devine.

Governor Deneen slipped into Chicago just after dusk for the conference. Congressman Lorimer had been kept here upon orders from Springfield and he hurried from the conference to catch a midnight train for the state capital to keep the deadlock intact until the programme to elect West had been explained to the down state members of the legislature.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Kidney Remedy for constipation and liver trouble." Foley's Kidney Remedy is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. Owl Drug Store, T. KILLED BY WHALE

Southern Fishermen In Grave Danger On Fishing Grounds.

SAN DIEGO, Cal., March 31.—With the hull of their little boat torn open by a blow from a whale's flukes L. Masso and his partner, Italian fishermen, would certainly have been drowned in the ocean but for the timely assistance given by the crews of two other fishing craft. Masso and his companion started last night for a deep sea fishing trip.

When about five miles off Point Loma they felt a hard jolt under their boat and the next instant the craft was lifted clear out of the water. It fell back right side up, but water was pouring in through a rent in the stern. Masso and his partner made frantic attempts to bail out the boat, but seeing that the water was gaining, they shouted to the crews of two other boats to come to their aid. The rescue was quickly made, the two fishermen being taken on board the other boats.

The rescued men had only a vague idea as to what struck their boat, but the men who came to their rescue declare that when the boat was hewn into the air they saw a whale's flukes emerge from the water beneath it.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Owl Drug Store, T. F. Laurin.

NEWBERRY GOES TO EUROPE.

NEW YORK, March 31.—Former Secretary of the Navy Newberry, with Mrs. Newberry and Miss Newberry, sailed for Europe today and will spend the summer in an automobile tour through France, Germany and Italy. Upon his return home in the fall Mr. Newberry will resume business in Detroit.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. Owl Drug Store, T. F. Laurin.

LET US TELL YOU ABOUT

Tungsten Electric Lamp

Greatest advance in lighting methods since the invention of incandescent lamps.

EXAMPLE—

32 C.P. Ordinary electric lamp consumes 110 watts per hour
32 C.P. "Tungsten" electric lamp consumes 40 watts per hour

Saving 70 watts per hour
By using "Tungsten" lamps you can get 275 per cent increase in light for the same cost or in other words can have the same quantity of illumination for 35 per cent of the cost of lighting with ordinary electric lamps.
